INDEPENDENT AUDITOR'S REPORT

TO THE BOARD OF DIRECTORS
CREATIVE/CW EQUITIES CORPORATION
BETHESDA, MARYLAND

We have audited the accompanying statement of financial condition and computation of net capital of Creative/CW Equities Corporation as of December 31, 2007 and the related statements of income, cash flows and changes in stockholder's equity for the period from January 1, 2007 to December 31, 2007, included in the accompanying Annual Audited Report, Form X-17 A-5 Part III. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Creative/CW Equities Corporation as of December 31, 2007 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I-III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
REQUIRED BY SEC RULE 17a-5

TO THE BOARD OF DIRECTORS
CREATIVE/CW EQUITIES CORPORATION
BETHESDA, MARYLAND

In planning and performing our audit of the financial statements of Creative/CW Equities Corporation for the year ended December 31, 2007, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Creative/CW Equities Corporation that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computation of net capital under Rule 17a-3(a)(11).

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted the following internal control weakness that we consider to be a significant weakness as defined above.

Controls over financial reporting process:

During our audit procedures, it was noted that the Company did not have an appropriate level of segregation of duties over accounting processes connected with the financial statements being audited. Due to the limited size and availability of staff, as well as the absence of any other compensating controls, the Company should consider reviewing opportunities to improve the monitoring and oversight over accounting activity. The basic premise is that no one employee should have access to both the physical assets and the related accounting records or the recording of transactions. It should be noted that the deficiency outlined above is not unusual for an organization of this size and structure.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, National Association of Securities Dealers, Inc. and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
